

Online Giving Guide

On the church's donation form, you can give a one-time gift, set up a recurring donation, or save payment methods to your profile. You don't need to download a new app or create an account; simply fill out the fields, and your information will be saved to your donor profile.

A screenshot of the online giving form. At the top, there is a "DONATE" button with a heart icon. Below this, the "GIVE" section contains a dropdown menu for "Tithe" and a text input field for the amount, currently showing "\$ 0". A note below the amount field states "This money can be used where it's needed most." An "ADD DONATION" button is located below the "GIVE" section. The "FREQUENCY" section has a dropdown menu set to "One time". The "EMAIL:" section has a text input field containing "name@domain.com". A large blue "Continue" button is at the bottom of the form.

1. Enter the amount you'd like to give.
2. Select the fund you want to give to.
3. If you want to give to another fund, select add donation to donate to other funds while only accruing the processing fees on one donation.
4. Choose if this gift is One time, such as an offering given to a missionary, or if it's to be given Regularly, such as monthly tithe.
5. Enter your email address.
6. Select Continue to expand the section and choose your payment method.

Choose your Payment Method

After entering your donation information you can choose if you'd like to give using your bank account, debit/credit card, and, on supported devices, Apple Pay.

If you've donated before, you can log in to give with a saved payment method. If this is your first time donating, or you haven't saved a payment method in the past, fill out your payment information by clicking Bank account or Debit/credit card.

USE A SAVED PAYMENT METHOD

[Log in to access saved cards & bank accounts](#)

USE A NEW PAYMENT METHOD

 Bank account	>
 Debit/credit card	>

 Payment information is TLS encrypted and stored at [Stripe](#) - a Level 1 PCI compliant payment processor. Bank verification powered by [Plaid](#).

When you give using a bank account, the processing fee for the donation will be lower than if you give with a debit or credit card. This means that your church will receive a larger percentage of your donation.
